

# New Miracle Powder Cuts Fatigue and Energizes Your Feet!

## Run Longer. Climb Higher. Bike Faster. Play Harder.

### Sidelined by Sore Feet?

You know the feeling. You're rarin' to go but your feet say no. Tom Lewis, competitive athlete and research scientist with an MIT Ph.D. in surface chemistry knows the feeling too. So he looked at the causes of foot pain and, after years of intensive research, came up with a solution. Then he teamed with successful businessman, Tom Judd, to bring us Two Toms Miracle Foot Powder TM.

### Why Feet Get Sore.

Concentrated pressure and friction are the twin devils. Ill-fitting shoes, loose or repaired socks-even faulty technique-can lead to pressure, friction, and heat buildup. Bones get sore, blisters form, and then you feel the pain-pain that can stop you in your tracks.

### How Two Toms Miracle Foot Powder Works

Miracle Foot Powder TM dramatically reduces friction, allows moisture to transfer, and shields the skin without forming, a sticky coating. It remains effective over long periods of activity. Two Toms Miracle Foot Powder TM not only cuts down the friction and heat build-up that lead to soreness and pain, it reduces the foot fatigue that can rob you of performance. Your feet actually feel more energized.

### What the Doctor Says.

Our resident doctor and chief podiatrist for the Boston Marathon, Dr. John Scarlet, tells us that "aching tired feet are often caused by excess friction and heat buildup in the shoe or boot. Miracle Foot Powder TM prevents friction. When the foot moves in a friction-reduced environment it moves more efficiently. Less energy is expended during any activity. That's how Miracle Foot Powder TM works to reduce fatigue."

### Just Pour Some in Your Socks.

Two Toms Miracle Foot Powder TM is easy to use. First, make sure your feet are clean and dry. Next, pour a level teaspoon into each sock. Now, shake the socks to spread Miracle Foot Powder TM uniformly. That's all there is to it. Your feet are now energized for greater comfort and better performance. You're ready to run, hike, cycle-whatever your favorite activity.

## Introductory Offer Save \$2.00

For a limited time only, Two Toms is offering their 8 oz. package of Miracle Foot Powder TM for only \$5.99. That's a \$2.00 savings off the regular \$7.99 price. This offer is only available online.
